BERLIN WALL VERSION OF RED CAP

An East German border guard carries luggage of Mrs. Anna Szczygielski as the 70-year-old woman crosses from east to west Berlin to be reunited with her grandchildren. The family has been waiting for more than a year for her arrival. Her grandchildren have their backs to camera.

Thant To Be Re-Named World Diplomats Predict

UNITED NATIONS (CP) — Diplomats from various parts of the world predicted today that the 17th General Assembly of the United Nations, opening Tuesday will name U Thant of Burma to a full five-year term as secretary-general of the United Nations.

Thant is acting secretary-general, serving out the unexpired term of the late Dag Hammarskjöld that ends next April 10. He was elected last Nov. 3 after Hammarskjöld's death in a plane crash in Africa a year ago today.

Russia at first insisted that the management of the United Nations be taken over by three of its undersecretaries — an American, an Indian and a Russian.

But this so-called troika plan proved unpopular, and the Russians later shelved it and joined in the election of Thant on condition he function with the counsel of certain "principal advisers" representing various regions of the world.

The Soviet Union could block his continuance in office by vetoing him in the Security Council, which must recommend him before the assembly can re-elect him.

DIDN'T DISCUSS SUPPORT

When Thant went to Yalta Aug. 28 to talk with Soviet Premier Khrushchev, some people expected he would learn then whether the Soviet Union would support him for re-election or hold out for a three-headed United Nations. But in Moscow two days later, Thant told reporters the subject never came up.

One Eastern European intimated he believed Thant will be re-elected to a five year term. A neutralist Asian delegate said there is strong Afro-Asian support for Thant and no opposition in sight.

Air Engineer Confesses To Attempt On DeGaulle

PARIS (Reuters) Police said today that a lieutenant-colonel under interrogation since Saturday has confessed to leading last month's attempt to kill President de Gaulle.

The officer was named as Jean-Marie Bastien-Thiry, an aeronautical engineer attached to the French air ministry.

Police said he confessed to presiding over meetings at which the machine-gun attack on de Gaulle was prepared.

He also visited the scene of the attack, at Petit Clamart on the way to Villacoublay military airport, they said.

He visited the ambush site in a car accompanied by former Major Henri Niaux, earlier identified as organizer of the attack, police said. Niaux was today that a lieutenant-colonel under interrogation since Saturday has confessed to leading last month's attempt to kill President de Gaulle.

Nine More Astronauts On U.S. Team

HOUSTON, Tex. (AP) — Nine new astronauts, including two U.S. space team today.

The new group boosted to 16 the number of astronauts who will man the space flights for which President Kennedy has set a goal of reaching the moon in this decade.

Dr. Robert R. Gilruth, director of the manned spacecraft centre formally presented the new group at a press conference at the University of Houston.

Gilruth said the nine already have been assigned to a comprehensive training program at the centre to prepare them for possible space flights.

In addition to the two civilians, the group includes four air force officers and three navy officers. All have test pilot experience.

Ben Bella's Opponent Bows Out

PARIS (AP) — Mohammed Boudiaf, opponent of Algerian strongman Ahmed Ben Bella, has bowed out of Thursday's national assembly elections in Algeria, terming them "pre-fabricated."

The deputy premier in the now defunct Algerian provisional government said Sunday he will not be a candidate for the assembly. He was unopposed from the district of Setif.

Boudiaf's reference to a "pre-fabricated" election was an allusion to reports that the list of candidates picked by the ruling political bureau is stacked heavily in favor of Ben Bella, who heads the bureau.

Soviet Flights Over Canada "Intolerable"

WASHINGTON (CP) — Senator Kenneth Keating, New York Republican, today described as "intolerable" Canadian government action in allowing Russian supply planes to fly over Canada en route to Cuba.

Testifying before a joint session of the Senate foreign relations and armed services committees, he also said the United States should call for "an immediate meeting of NATO ministers" in an effort to halt trading with Cuba. He said the United States "should mince no words."

LEADERSHIP A LITTLE LATE BUT

Thompson Lauds PM

OTTAWA (CP) — Robert Thompson, national leader of the Social Credit party, commended Prime Minister Diefenbaker's suggestion today in London of a world trade conference but said it is unfortunate such leadership could not have been given long ago.

"Finally Mr. Diefenbaker has reached the point when at least he is suggesting some definite alternative procedure," Mr. Thompson said. "Whether it is in time to be of practical use remains to be seen."

"He certainly has reversed his position in a number of aspects which politically may be more difficult to explain than from the economic aspect."

Mr. Thompson said the European Economic Community is a reality and its economic objectives are obvious.

Liberal Leader Lester B. Pearson said Mr. Diefenbaker's "vague proposal" for world trade conference "will get some headlines but accomplish little else."

He added: "We should accept the United Kingdom decision to join the European Economic Community, on the pledge already given that she will only do so on terms which will give legitimate protection to the interests of the Commonwealth."

Rise In Economic Education Forecast At Chamber Meeting

VANCOUVER (CP) — The chairman of the chamber's executive council, said in his annual report that "it is anticipated that a program of economic education will be supported and carried out by chamber members at all levels in the years ahead—on a more intensified basis than during the last several years."

Mr. Bradshaw prepared his report for the chamber's 33rd annual convention, which opened here today and continues through Wednesday. More than 500 delegates and their wives and husbands are attending.

Last fall, at the annual meeting in Halifax, the chamber expressed its usual emphatic support of private enterprise and proposed Operation Freedom as a special campaign to that end. A pamphlet introducing the program said the objectives were:

"To rouse Canadians from apathy and indifference into action against the growing threats of socialism and communism; and to inform Canadians of the freedoms enjoyed under the democratic form of government and under the economic system of private competitive enterprise."

It should be emphasized that the program was not a new or radical departure from the program which had been in operation successfully for the last 18 years.

Negro Killed In Rhodesian Fighting

LUSAKA (Reuters)—One Negro was killed and at least 10 persons, including four whites, were injured as stone-throwing crowds fought in Northern and Southern Rhodesia Sunday.

In the mining town of Chinanga in Northern Rhodesia 14 persons were injured and dozens arrested in a clash between rival Negro political groups as the government announced a general election will be held Oct. 30 in Northern Rhodesia for 45 legislative council seats.

The stone-throwing battle broke out between supporters of the African National Congress and Kenneth Kaunda's United Nations Independence Party as ANC leader Harry Nkumbula arrived to speak.

CANADA COULD HOST

World Meeting Proposed By PM

Macmillan Gets Set For Pitch

By ALAN HARVEY

LONDON (CP) — Prime Minister Macmillan bore down for the big pitch today in a final bid to convince Commonwealth ministers that history is pushing Britain into Europe.

Caught in what looked like a tight spot after a week of debate, Macmillan delivered his summing-up address on the eighth day of the conference of prime ministers at Marlborough House. Canadian sources said there was a "possibility" Prime Minister Diefenbaker might also speak.

Macmillan, his political future possibly at stake, sought to allay Commonwealth anxieties and win general approval from the visiting premiers for a mid-sounding closing communique, to be issued when the talks end Wednesday.

British commentators said the choice lies between some face-saving formula, designed to gloss over Commonwealth misgivings, or a perhaps fatal rift arising from what The Daily Telegraph calls a "negative atmosphere of family bickering."

Observers who specialize in the "atmospherics" of international conferences detect undertones of bitterness and behind-the-scenes manoeuvring at this largest of Commonwealth meetings.

DIEFENBAKER

Father Of 9 Shoots Self

TRENTON, Ont. (CP) — Police said today a 42-year-old father of nine shot himself in the head Friday night while playing a game of Russian roulette in front of his 16-year-old son.

Ted Fawcett, who recently retired from the RCAF as an armorer and demolitions expert, put the revolver to his head three times before killing himself.

Revelstoke Man Charged With Murder Attempt

REVELSTOKE (CP) — Brun Pratico, 78, was charged with attempted murder following a knife attack on a 39-year-old doctor at the post office here Saturday.

Police said Dr. William T. Armstrong was bending over to remove mail from his box when a man slashed him in the neck with a five-inch hunting knife. The knife just missed the carotid artery, which supplies the brain with blood.

"If it had been a quarter of an inch closer, it could have killed him," police said.

As the doctor turned to face his attacker he was cut a second time, on the cheek. He was in satisfactory condition in hospital.

Crew Quits Cuba Bound Freighter

REGGIO CALABRIA, Italy (AP) — Twelve of the 19 crew members of an Italian freighter bound from a Soviet Black Sea port to Cuba have come ashore here and refused to resume the voyage, port officials said today.

The Italian seamen came ashore shortly after the 6,968-ton Alione put in here after leaving Novorossiysk Sept. 7. The men contended that the cargo and the destination were dangerous.

US Committees To Deal With Cuba Arms Buildup

WASHINGTON (AP) — Two Senate committees today waded into a series of proposals for dealing with the Communist buildup in Cuba.

The Senate Foreign Relations and Armed Services committees, he also said the United States should call for "an immediate meeting of NATO ministers" in an effort to halt trading with Cuba. He said the United States "should mince no words."

Extend Invitation To All Commonwealth Members

LONDON (CP)—Prime Minister Diefenbaker today proposed a world-wide trading conference "at the earliest practicable date" with Canada as host country.

Unveiling what appeared to be his "alternative plan," Diefenbaker suggested to the conference of Commonwealth prime ministers that an invitation should be extended to all member nations of the Commonwealth, the European Economic Community, the European Free Trade Area, the United States, Japan and like-minded nations that wished to participate.

The meetings would "give consideration to how to deal with the trading problems before us."

"This should prepare the way for the prospective non-discriminatory tariff negotiations on a most-favored nation basis."

"The European community is already a reality. There has been no question here about the desirability of that community, as it now exists, carrying forward its objectives. However, it does seem that if we are to achieve still wider and more satisfactory trading arrangements before 1970, steps in the direction of further world-wide trading arrangements now should be undertaken."

Diefenbaker outlined his globe-girdling plan in opening this morning's plenary session at Marlborough House. Prime Minister Macmillan and other delegates also spoke.

Diefenbaker prefaced his suggestion for world talks by referring to the plans of President Kennedy for expanding world trade. He added:

"I believe, representing as we do members of the Commonwealth and a large proportion of the world's population, we should endeavor, on a spirit of co-operation, to give world leadership in a concerted effort to meet the difficult and diversified trade problems of Commonwealth countries."

He said his proposed conference should prepare the way "for non-discriminatory tariff negotiations on a most-favored nations basis, as the United States has suggested."

In referring to the conference, Diefenbaker indicated the idea would be applicable whether or not Britain decided to join the EEC.

REFUSED GROUNDS AT HOPE

Sons Under Gun For Fire, Blast

PRINCETON, B.C. (CP) — About 600 Sons of Freedom Doukhobors found themselves in a familiar position today—homeless and under fire for terrorist activities.

They thought their immediate troubles were over Sunday when caretaker Jimmy Dennis, 69, said they could stay at the deserted Boys' Club farm he was guarding near Hope, B.C.

But agents for the man who is purchasing the farm said later the radical group was not welcome. Arrangements were made for civilian guards to be put around the farm.

Hope is 41 miles east of the Sons' destination, a gas station where many of their number are serving terms at Mountain Prison for terrorism.

The Sons started their 400-mile journey by foot and car from Krestova two weeks ago, after many of them set fire to their homes.

Once on the road they were blamed by some for burning a 300-foot wooden bridge on the highway joining Grand Forks, a Doukhobor track she leads.

LATE FLASHES

First Casualty Of Hunting Season

PRINCE GEORGE (CP) — The first casualty of the hunting season was recorded Sunday. Norman Howe, 18, a high school student here, slipped while tramping through wet brush and accidentally shot himself in the foot.

Forty Injured In Karachi Demonstration

KARACHI, Pakistan (Reuters) — Forty persons were injured when police fired on a student-led crowd of demonstrators in Dacca, east Pakistan, after tear gas and baton charges failed to disperse them, it was reported here today.

United Church Approves Divorce

LONDON, Ont. (CP) — The United Church of Canada today for the first time approved divorce "in certain circumstances" and called for a federal royal commission to broaden the grounds for divorce in Canada.

Retail Sales Show Boost Over 1961

OTTAWA (CP) — Canadian retailers had sales valued at \$1,426,150,000 in July, a boost of 2.9 per cent over the corresponding month last year.

The Dominion Bureau of Statistics reported today that sales in the January - July period climbed five per cent to \$9,777,473,000 from \$9,540,000,000 in the same period a year ago.

Sales for the month were down only in the Atlantic provinces and Ontario and were up for the year in all provinces.

Biggest boost was in Saskatchewan where sales climbed 8.8 per cent in July over July, 1961.

Businesses receiving the biggest rise in sales were lumber and building material. Dealers with an increase of 7.3 per cent.

Petroleum Sales Have Increase

OTTAWA (CP) — Receipts of crude oil, liquefied petroleum gases and petroleum products by Canadian pipeline companies totalled 29,727,670 barrels in May, an increase of 9.1 per cent from the same month last year.

The Dominion Bureau of Statistics reported today that receipts of domestic crude oil or its equivalent in the month totalled 24,790,516 barrels, up 10.9 per cent from a year earlier. Deliveries included 7,102,777 barrels of crude oil for export, an increase of 38.4 per cent from a year ago.

Canadian production of pulpwood increased eight per cent in July to 1,433,580 rough cords from 1,332,601 in 1961. January-July production increased six per cent to 6,973,217 cords. Consumption rose five per cent in the month to 1,196,295 rough cords.

Slash Rail Fares On Mice, Rabbits

LONDON (AP) — A campaign was started today to slash railroad fares — for mice. Also for rabbits and guinea pigs.

Percy Ashley, 73, president of the National Mouse Club, announced the campaign.

Club members, who exhibit prize mice all over Britain, complain the high cost of transporting the mice is pricing them out of a hobby.

"On short distances it costs more to send a mouse than it does a man," Ashley said.

He is seeking talks with the British Rabbit Council and guinea pig clubs whose members also send their pets by rail for exhibition through the country.

TODAY'S STOCK QUOTATIONS

TORONTO (CP) — Canadian oil highlighted morning trading on the stock market today, although it got stiff competition from a low-priced mining issue which last week was one of speculators' favorites.	
Canadian Oil jumped to 42½ — highest since its listing on the exchange — for a gain of ½, reacting to continuing rumors of impending takeover.	
Vying for top honors was Newmont gold mines, which dropped sharply to 56 cents, then climbed back to 74 cents — still showing a loss of 12 cents.	
The stock raced through more than 300,000 shares.	
The industrial list slipped lower on average, with losses in a ½ to ¾ range going to Abitibi, Steel Company of Canada, B.A. Oil, Bell Telephone and Distillers Seagrams.

GUARD EAST BERLIN CEMETERY

Communist East German policemen carry automatic weapons on their guard rounds in cemetery as East

Berliners, background, take advantage of two-hour visiting period allowed each Sunday. During the rest of the week

visitors are barred from the cemetery, one wall of which forms border with the West near Bernauer Strasse check-

point. No West Berliners have been allowed to visit graves since the Red-bull wall was begun in August last year.

French Explorer Scores New Underground Mark

MASSIF DU MARGUAREIS, France (Reuters) — French cave explorer Michel Siffre emerged into daylight today after beating the world record for underground endurance by spending two months 420 feet deep in the earth.

A doctor found him physically weak but in satisfactory condition.

Siffre wore thick dark glasses when he emerged in case his

eyes were damaged by the lack of light. He was so weak the team of cave explorers bringing him to the surface on their backs had to stop during the ascent to let him rest.

The previous world record was set last year by a group of Italians when they stayed underground 700 hours — just under 30 days.

NO FRESH FOOD
But the Italians received frequent supplies of fresh food, whereas Siffre took all his provisions with him at the start of the experiment.

During the last days of his ordeal Siffre suffered from spells of dizziness. He lost all sense of time underground, and Saturday — when the team arrived to fetch him — he still believed it was the middle of August.

His idea of color also became hazy, and after 11 days underground a bottle of blue ink he had with him appeared apple green. He recorded his feelings in a diary.

He is to be flown to Paris for tests by French Army doctors and psychologists.

OPERATION STARTS
CHRISTCHURCH, N.Z. (AP) — Operation Deep Freeze 1963 is away to a flying start in Antarctica. The first Hercules aircraft carrying Rear Admiral David M. Tyree, commander of the naval support force has arrived in McMurdo Sound. With excellent weather prevailing, a shuttle service between Christchurch and Antarctica, 2,300 miles away, is in operation.

He Listed His Cat, Dog In Income Tax Return

NEW YORK (AP) — On his 1957-58 federal income tax returns, former army Captain James F. Bertie listed Felix, his cat, and Sandy, his dog, as exemptions.

Today, fresh out of a federal jail, Bertie says he has a few new exemptions which the government probably won't go along with.

To wit: Russian Premier and Mrs. Khrushchev, Yugoslav President Tito, Hungarian Premier Kadar and Poland's Communist Chief Gomulka.

Bertie, with time off for good behavior, walked out of jail Friday after serving four months and 26 days of a six-month sentence for his cat-and-dog tax violations.

LOOKING FOR HIM?
The Brooklyn resident, 43, said he expects the income tax people to be looking for him again soon because of that new list of dependents he said he included on forms filed over the last couple of years with his employer, an auto parts supply firm.

He figures Mr. and Mrs. Khrushchev are his dependents because when they visited the United States "the state department refused to divulge how much money was spent to entertain them (and) I should feel at all bad about missing the few bucks

they would be expected to contribute."

"As for Tito, Gomulka and Kadar," he went on, "since they are on our foreign aid payroll, Americans should be able to claim them as tax deductions."

KELOWNA & WAWANESA SEE EYE TO EYE

In our 37 years representing Wawanesa in Kelowna, we've seen a lot of changes in people's insurance needs. Wawanesa has changed right along with them. New policies, revisions to the old, take our Special Form Home Policy for example. It covers a number of items not covered in the standard Fire and Extended Coverage policy. While you may not feel you need that extra protection right now, it's nice to know it's available. If you've been wondering if the insurance you now have is precisely what you need, why not let us look it over and discuss it with you. Call us if you like, or drop in next time you're by.

Divorce Issue, Smoking - United Church Meeting

LONDON, Ont. (CP) — Proposals calling for a system of censorship in Canada and measures to widen the grounds for divorce came before the governing general council of the United Church of Canada here today.

Other resolutions urge council to go on record against smoking in the light of scientific findings that "excessive cigarette smoking is strongly conducive to lung cancer."

The policy-making assembly met at the halfway stage of its 20th biennial session to deal with recommendations put by the church's Board of Evangelism and Social Service and a special commission on marriage and divorce.

The board, headed by newly elected church moderator James R. Mutchmor, suggests establishment of a federal censorship body to screen books and periodicals before their release to the public.

The censors would have the power to ban publications they considered "pornographic, filthy or obscene" and to control the distribution of questionable publications to keep them away from "the sexually immature."

The board report also calls for public and church measures to curb unemployment and assist city and rural dwellers face current problems.

REVERSE POLICY
The recommendations on marriage and divorce reverse traditional church policy, calling for recognition of desertion, mental or physical cruelty and insanity as grounds for divorce in Canada in addition to adultery.

A federal royal commission should consider broadening the grounds for divorce and do away with the system whereby Quebec and Newfoundland residents require a private act of the federal parliament to obtain divorce, the report says.

Other recommendations urge the establishment of a federal agency to study the causes of marital breakdown, extend counselling services before and after marriage and generally promote solid standards for married life.

Special marriage courts should be established on the pattern of family and juvenile courts and their primary concern should be "the preservation of marriage and family life."

Minimum age for marriage should be set at 21 without parental consent and, where the parents consent, at 17 for the bride and 18 for the groom.

RULE ON BOOKS
The resolution on censorship calls on the federal government to set up "a competent board of control" that would rule on published material referred to it by customs officials, law officers or members of the public.

In addition to banning outright any works judged pornographic, the board would be able to licence books "referring to technical matters regarding sexual relationships" for use by professional people.

The board would be empowered also "to licence some other publications only for definitive

as cheap pocket books, so that they do not become easily available to the sexually immature."

The report draws attention to the plight of primary producers — farmers and fishermen in particular — and protests that "they do not receive a fair share of the national income, getting less than 40 cents of the consumer's food dollar."

"The Business That Quality and Service Built"

Kokanee Traffic Jam At Mission Creek Ladder

Waters of Mission Creek these days are running blood red as thousands of kokanee seek their spawning grounds.

Game Warden Don Ellis called the kokanee run the biggest he's ever seen.

The fish, silvery denizens of Okanagan Lake and an angler's delight, are land-locked relatives of the salmon.

At spawning time, this year about a week earlier than usual, they turn a vivid shade of red as they fight their way up to the spawning beds in Gallagher's Canyon.

It is a fight on Mission Creek where the biggest obstacle is a man-made waterfall built by irrigation officials to keep surrounding farms in water.

LADDER NOT OPEN

Up until today, a fish ladder on the side of the falls wasn't open so the fish were backed up like a line of cars at Rogers Pass opening.

A second waterfall was opened about one half mile downstream from the fish ladder where the fish appeared to be getting up on their way to the beds, a much easier route than the larger waterfall.

Tracing the creek back to its mouth at the Okanagan Lake about eight miles south of the fish ladder, a watcher may observe the fish making their way along the shallows but heavy concentration is at the obstacle. Other runs up Bear, Trepanier and Mill Creeks are comparatively easy.

Last week, 13 youngsters were fined under the Fish and Game Act for wantonly destroying the spawners and Game Warden

DON ELLIS
... heed his words

Ellis has warned of severe penalties. Friday when a Daily Courier staff member was taking photographs of the run, three adults were spotted beneath the KLO bridge trying to stone the fish with heavy rocks; they took off at the sight of a camera.

Although the game warden isn't encouraging it, sight of kokanee run is a really impressive, if somewhat tragic, tourist attraction that has never been exploited. It is well worth seeing.

STREAMS CLOSED

Mr. Ellis stated that all streams up which kokanee go to spawn are automatically closed to fishermen during the three-week spawning season. Fishing for the land-locked salmon at such a time is punishable by a heavy fine.

Kokanee, after they are born, return to the lake and live for four years. They then come up the streams to spawn and die afterwards like salmon.

A SOLUTION

The solution to the man-made waterfalls has been found by members of the Fish and Game Act and they, together with Gordie Lucker, Gibb Loseth, Ray Loseth and Gerry Stone have been netting the fish and carrying them up to the more quiet water where spawning takes place. If the fish cannot get up the stream then they spawn anyway farther down.

The men have worked for four nights to midnight in their efforts to assist the fish however, assuring a record number for lake fishermen four years hence.

WHAT'S AT THE MOVIES

PARAMOUNT

"LIGHT IN THE PIAZZA"

Photographed in CinemaScope and color on locations in Florence and Rome, Metro-Goldwyn-Mayer has brought to the screen Elizabeth Spencer's prize-winning novel, "Light in the Piazza", beginning Monday at the Paramount.

Both the film's producer, Arthur Freed, and its director, Guy Green, are Academy Award winners, as is also Olivia de Havilland, who plays Margaret Johnson, the attractive American woman who is visiting Florence with her daughter, Clara (Yvette Mimieux).

Wed. - Thurs. - Fri. - Sat.

"KING OF KINGS"

Within the entire history of mankind, no event has approached the impact upon the minds and hearts of men more than the birth, life and death of Jesus Christ. Source of constant hope and inspiration, the spiritual mission of Christ remains the best-known and most beloved story in the world. To bring this story to the screen has long been the dedicated dream of Samuel Bronston, and long years of perseverance and effort preceded its ultimate realization in the production of "Kings of Kings", presented by Metro-Goldwyn-Mayer and beginning a four-day run at the Paramount next Wednesday.

It was Bronston's conception, shared by Philip Yordan, Academy Award-winning writer, that Jesus should be presented as a flesh-and-blood man who lived during one of history's most exciting periods in a real environment bounded by dates, places and facts.

Lumber Graders Hold Training

Lumber mill graders, supervisors, superintendents and managers from Kelowna, Oliver, Greenwood, Grand Forks, Fruitvale, Nelson and Castlegar met recently in Castlegar for grading training.

It was an Interior Lumber Manufacturers' meeting to discuss and analyze the finer points. Several hundred pieces of lumber were examined.

T. R. Hall of Vernon was among grading inspectors giving demonstrations.

NO FOREST FIRES

No forest fires were reported over the weekend, according to the Kelowna district ranger station today. Incidence of forest fires since the beginning of August has been extremely low in this area and fire-fighting costs will likely be considerably less this season.

Kokanee Run at Mission Creek falls where fish attempt to reach spawning grounds at Gallagher's Canyon. Fish ladder on the creek isn't open and fish are trying to leap a waterfall (at left) and occasionally (right) land on the creek bed. Normally silver in color, the kokanee are a bright red. No harm is done however, as the fish are either helped by net to surmount falls or spawn anyway. The jumping is a natural habit of the spawning fish. (Courier Staff Photo).

Huge Crowd Of Witnesses At Three-Day Session

More than 600 from the North forms them into salesmen or peddlers," said Mr. Mills.

"What is contained in the literature that they leave with the householder is printed Bible sermons, and each book is so constructed as to enable each householder to carry on a private systematic study of the Bible. Some feel that Jehovah's Witnesses could not carry on without their Bible literature, but this is really unfounded because behind the iron curtain today, more than 100,000 Jehovah's Witnesses carry on without any literature whatsoever," he said.

Saturday afternoon, a baptismal service was conducted at which six new ministers symbolized their dedication to God by being immersed in water. Three of these were from Kelowna. Following this, L. Dowler of Kelowna spoke to the assembly on the subject, "Joyfully Proclaim the Good News."

Saturday evening's program consisted of a series of talks and demonstrations with practical suggestions on how to overcome problems encountered in the ministerial work.

Highlight of the convention came on Sunday at 3 p.m. when Centennial Hall was filled to capacity to hear D. M. Mills of Toronto speak on the subject "Who Will Rule the World?"

After the public talk, Lester Barker, circuit supervisor for Jehovah's Witnesses in the North Okanagan spoke to the conventioners on the subject "Hold Your Position" and Mr. Mills then returned to the platform for his concluding remarks to the assembly on the subjects "Right View of the Work Ahead."

Mr. Mills outlined an around-the-world assembly in 1963 with conventions in such centres as New York, London, Hawaii and Los Angeles as well as conventions in Asia and the Far East, the largest arrangements ever undertaken by any organization.

Museum Group Annual Meet Next Year

The British Columbia Museum Association will be in Kelowna next year for its seventh annual seminar.

At a convention just concluded in Barkerville, celebrating its 100th birthday since the day Bill Barker discovered gold, museum curators agreed to meet here for the 100th anniversary of the planting of the first apple tree by Father Pandosy.

Among attending curators was C. R. Walrod, Kelowna museum director who took with him a personal invitation from Mayor R. F. Parkinson inviting the group to Kelowna next fall for its meeting.

Warm Weather Slows Down Hunt-Warden

Game warden Don Ellis said warm weather is slowing down local hunting.

With the opening of the season Saturday, he said not too much game has been taken although there are a lot of hunters out but they're not bagging much in the way of deer.

"No one's been shot either," added the game warden today. According to reports, the bag is excellent in Cache Creek area with an almost 50 per cent increase over last year when 596 hunters were checked over the weekend by officials at a checking station.

Three Escape Death In Westbank Crash

Oyama Thanks For School

Students in the new Oyama portable school sent along their thanks for the new building with only one dissenting voice.

At a recent school board meeting, Fred Macklin, secretary, read out some of the letters including one that said the writer liked the school but "with the big windows, the Grades 4 and 5 took in on us and it disturbs our work."

Comment ranged from "It's much noisier" to "I don't know if I like the new desks as I sit at a table."

The portable was one of the first in the Valley to help out, with increased enrolment until construction can be carried on.

JACK BROW
... announces clinic

Soccer Clinic Scheduled For Next Weekend

The Kelowna Parks and Recreation Commission, through the Community Programs Branch, will hold a two-day Soccer Coaches' Clinic Sept. 21 and 22 at Kelowna Junior High School.

This clinic will be operated by the British Columbia Soccer Commission under the direction of Bill Findler and Dan Kalai of the Soccer Referees Examining Board and Coaching School.

Both are well known in soccer circles at the coast.

The Clinic will start on the Friday night at 7 p.m. with a film show. At 9 a.m. the following morning practical coaching will be demonstrated in the school gym. The session is expected to last all day.

A car carrying three men, broken rib and punctured kidney, two from Summerland and the other from Penticton, went out of control on Highway 97 at about 1:45 a.m. Sunday, crashed into a guard rail, spun across the roadway and plunged over a 110-foot embankment, pinning a passenger under the vehicle and sending the driver to hospital with multiple injuries.

Robert Kelly, the driver, is in Kelowna General Hospital today in satisfactory condition suffering from head and facial abrasions. He is being kept under observation pending assurance he is not suffering from a fractured skull.

PINNED UNDER CAR
Ronald Kelly, the man pinned beneath the vehicle is also in satisfactory condition having spent the night in hospital. He is believed suffering from a

ANOTHER ONE
In another accident over the weekend, \$150 damage was done to a car at 2:10 p.m. Sunday on the old highway near the Westbank Indian Church.

The vehicle, driven by Emile Michele of Sherbrooke, Quebec, rolled over.

Police are investigating.

THEFTS REPORTED

Over the weekend, William Bredon of Kelowna, reported the theft of a transistor radio from his car, parked near the Baptist Church on Bernard.

The radio, in a leather case, was stolen about 8:30 p.m. Saturday. It is red and white in color.

Theft of a tarpaulin from the Bulman gravel pit at Ellison was also reported during the weekend, as was a battery from a pickup truck at Okanagan Mission.

Other minor thefts are also being investigated by police.

FOUND

RCMP are awaiting the claimant of a load lighter from a logging truck which was found near the rail tracks in Kelowna's waterfront area over the weekend.

Estimates given as follows with the 1961 crop in brackets: were crabapples 600,000 (403,789); pears 8,425,000 (7,830,315); apricots 400,000 (395,958); plums, 21,000 (21,932); prunes, 2,250,000 (1,471,332); cherries, 2,000,000 (2,915,422).

Provincial totals on apples this year is estimated to be 243,231,000 pounds from all areas as compared to 192,565,549 in 1961.

Okanagan Valley estimated in the small fruits division is as follows: strawberries 209,000 (182,990); raspberries, 44,000 (37,738); and 1,000 pounds of black currants; grapes, 2,746,000 (3,565,701).

LOTS OUTDOORS

Highways were crowded over the weekend with a combination of Sunday drivers, late-holidaying tourists and weekend travellers. Perfect fall weather took many out for picnic lunches and fishing trips on the lake.

Tourist numbers, although diminished from the summer rush, are still large enough to warrant attention from motel and hotel owners, some of whom are still experiencing a good season.

TOASTMASTERS TONIGHT

Kelowna Toastmasters are meeting tonight to begin their regular Monday night sessions at the Royal Anne Hotel.

NEW BADGE

The newly-approved badge of the RCAF Air Division in Europe, shown here, was presented to the division's commander, AVM Larry E. Wray by retiring Chief of the Air Staff, AM Hugh Campbell. The badge bears approval of the Queen and the College of Arms.

Fine Weather Next 48 Hours Says Forecast

The weather synopsis today gives promise to two more days of fine weather.

According to a report, a protective ridge of high pressure overhead from Vancouver Island through the Okanagan to the Kootenay Valley is keeping the skies sunny and fairly warm.

Moist air from the Pacific will continue to cause shower activity north of a line from Prince George to Prince Rupert. It will be clear and warm here today and Tuesday with only light winds and temperatures in the 70's.

A GRIZZLY PELT - IT WORRIED SHEEP

This is the hide of a 700-pound grizzly bear shot last week by Donald Hixson and Bill Tracey, employees at the James Stewart ranch near Kelowna. Grizzlies have been worrying sheep in the area and this one, caught in the act, was dispatched by the rifles of the two hunters. Grizzly bears, among the most cunning and vicious of North America's big game, appear to be quite numerous this year.

BRIDGE IMPORTANT LINK

There'll be some traffic slow down on Okanagan Lake bridge with the summer season nearly over but the bridge built in 1958 at a cost of millions is still one of the most important links in the Okanagan Valley. Beginning next April 1 according to Premier

W. A. C. Bennett in a speech in Kelowna this summer, tolls on the bridge will be lifted and a trip to the west side will be free.

The Hard Truth About The Job Outlook

The gravity of Canada's present predicament and the extremely high quality of brains and courage required of our political leaders to start leading us out of this wilderness is not yet adequately realized by Canadians.

Here we look at only one phase of this problem.

A report of the Gill Committee investigating the Unemployment Insurance Fund has predicted a 34 per cent increase in unemployment for the next year and a vice-president of Du Pont of Canada, Frank Capon, has forecast that without drastic action, within five years one in every four members of the labor force may be jobless.

Since nearly all the men and women who will be looking for employment in the next five years are now in school, the number looking for their first job is quite predictable.

In the period 1950-60, a decade of high prosperity, about 160,000 new jobs developed each year.

But we know for certain that by 1966 we need one million new jobs for the people reaching work age.

That means we need 250,000 new jobs per year. Since our boom-time

best at new job creation was 160,000 per year reaching the 250,000 figure is an appalling problem that should shut up those politicians who have so long claimed that unemployment was not really serious and that it would soon be fixed up completely.

Such utter baloney won't much longer be believed by anybody. For one reason, unemployment is going to become more and more clear for all to see despite unemployment insurance, family allowances and sundry other props.

Continued unemployment, of course, has disastrous effects on the unemployed. But its perils for the rest of our society also need to be recognized.

Hordes of unemployed are a standing invitation to cynical and foolish vote-buying schemes by some politicians. So is the peril that the unemployed who are understandably desperate, will vote for the politician that makes the most and the most foolish promises.

Here is an urgency and danger in our national affairs that won't be dispelled by pretense, by wishing or by oratory. We are facing one of the most difficult crises in our history.—*Financial Post.*

"THERE'S NOBODY HERE BUT US FEET"

Impact Of Austerity Plan Sought On Czech Imports

unjustified.

Their cause and the cause of all free men perhaps would have been better served had they used on their banner the additional quotation from the Bill of Rights: "... that men and institutions remain free only when freedom is founded upon respect for moral and spiritual values and the rule of law."

But, it is this latter aspect of freedom with responsibility which appears to completely elude the Fradomites. Until they accept its true meaning and learn that other Canadians are entitled to enjoy the same rights and protection as they themselves do, they will neither reap the full satisfaction of knowing they are good citizens nor be recognized as such.

Until this realization dawns upon them they may expect little relief or sympathy from the hurts they so persistently inflict upon themselves. —*Victoria Colonist.*

BRNO, Czechoslovakia, (CP) —Trade experts have sharpened their pencils for the fine calculations needed to determine the impact of Canada's austerity program on Czechoslovakia's exports.

At first sight, they say, it appears more than 50 per cent of their sales to Canada will be hit.

If their exports to Canada actually drop seriously, they add, it may prove necessary to curtail imports.

"We're a poor country from the point of view of foreign currency reserves," said vice-president Oldrich Nevy of the Czechoslovak Chamber of Commerce in an interview. "We would like to be able to buy more from Canada, but we must have the opportunity to sell more."

The trade is not a large proportion of either country's total imports and exports, but it has shown a tendency to rise in recent years.

The Czechs appear to have confined their purchases largely

to food and raw materials. Their main imports from Canada in 1961 were wheat, aluminum, asbestos, nickel, synthetic rubber, hides, skins and even radioactive isotopes.

Canada's imports from Czechoslovakia covered a broad range of consumer goods including textiles, clothing, cars, Bohemian glass, shoes, domestic appliances, bicycles, machine tools and office equipment.

Last year, for the first time since the Communists took power in 1948, the Czechs had a big unfavorable trade balance with the Canadians.

Czechoslovakia's sales to Canada in 1961 were valued at \$8,400,000 — up almost \$2,000,000 over the previous year's total.

Imports, however, jumped to \$20,600,000 from the 1960 figure of \$8,800,000. Three items account for three-quarters of the 1961 purchases: wheat, \$9,899,000; aluminum, \$5,563,000; and synthetic rubber, \$5,138,000. During the year they also bought

\$213,000 worth of radioactive isotopes.

WORRIED BY IMBALANCE

Authorities in this Communist country view the current imbalance as a serious matter. The government does most, if not all, of its foreign trade under bilateral agreements and it tries hard to maintain a balance between imports and exports with individual nations.

They made their concern known as Canadian authorities stepped up a campaign to sell more to this most highly industrialized of Communist countries.

This year 11 companies and crown corporations have joined forces with the federal trade department to show off Canadian goods at the fourth annual Brno International Trade Fair running Sept. 9-23.

Included are Atomic Energy of Canada Limited, the Polymer Corporation and companies turning out aluminum, chemicals, pharmaceuticals, electronic equipment and metals.

WARES DISPLAYED

The Czechoslovaks have been trying to push their exports by participating in a number of trade fairs staged at Montreal, Toronto and Vancouver.

Czechoslovak Foreign Trade, a monthly publication, says in its current issue that the country's exhibit at this year's Canadian National Exhibition in Toronto "expressed Czechoslovakia's good will and endeavored to find a mutual agreement ways for reducing the disproportion between imports and exports of the two countries."

The article adds a word of warning that efforts to boost trade cannot be a one-sided effort on the part of Czech firms alone.

"It is therefore desirable that Canadian trade organizations, chambers of commerce and authorities help to create even more favorable conditions for wider sales of Czechoslovak goods on the Canadian market."

CRITICIZES GOVERNMENT

A senior trade official interviewed in Prague was even more outspoken.

"Although there are no legal barriers against trade between our countries, it does seem to us that there is no positive support from Canadian authorities to promote business," he said.

He cited as an example the fact that Canada maintains no permanent trade expert at its embassy in Prague. This area is handled by a Canadian trade commissioner based in Vienna.

"Because of this, he and the Canadian authorities cannot be fully informed on the situation in our market," the official said. "This is not the most important factor, but it is a handicap."

Czechoslovakia, he said, is in the market for raw materials. Canada has plenty of them that could be bought if only Czech sales could be increased.

"If we can find a common language, we can do much more than we have done in the past."

BIBLE BRIEF

But if the Spirit of him that raised up Jesus from the dead dwell in you, he that raised up Christ from the dead shall also quicken your mortal bodies by his Spirit that dwelleth in you. —Romans 8:11.

The secret of good health is God in you. Your Creator is the greatest physician of all.

REPORT FROM THE U.K.

Ontario Foodstuffs On Display In U.K.

By M. McINTYRE HOOD
Special London (Eng.)
Correspondent
For The Daily Courier

LONDON — Half a million visitors to the Food Fair at London's huge Olympia exhibition building have had a good look at a wide variety of the quality Ontario foodstuffs on display there. It was interesting, and gratifying, to notice how the crowds of visitors to this exhibition of foods halted in their progress among the stands to have a good look at what Ontario has to offer.

The concentration of Canada's exhibit at this year's Food Fair on the products of a single province—Ontario—should prove a good thing for export trade. On the main stand and the individual stands were displays of canned fruit and vegetables from Western Ontario, the Niagara Peninsula and the Georgian Bay district. Firms engaged in food processing, located in Leamington, Callington, Thornbury, Wingham, Hamilton, St. Catharines, Essex, Toronto, Chatham, Tecumseh, Trenton and Stoney Creek, had all contributed to the splendid display of these products.

Black Diamond and Cherry Hill cheese, coupled with a display by the Ontario Cheese Producers' Marketing Board introduced to the British fairgoers the finest products of that delicacy. And the Ontario Honey Producers' Co-operative Ltd., had stacks of pots and jars of honey which were selling like hot cakes.

FRESH PRODUCTS

Fresh fruit and vegetables, direct from Ontario farms, attracted much attention. This was especially true of the display of fresh peaches from the Niagara fruit belt. The export

of peaches from Ontario to Britain is still in the experimental stage. But the eagerness of the visitors to buy these beautiful peaches, even at the price of seven pence each, made it quite clear that the demand for them exists, and if they could be shipped in prime condition and sufficient quantities, they would find a ready market.

Canadian apples are still popular in Britain, when they can be secured. Lovely McIntosh apples were being bought as fast as the girls in the stand could hand them out. Here again, there is a strong demand for this Ontario product, but a great shortage of supplies. One very seldom can find these delicious McIntosh apples, or any other Canadian variety, in the fruit stores, except for a period of about two weeks at the Christmas season. Yet there is a great market crying out for supplies to meet the demand.

AN INNOVATION

Another innovation in this Ontario exhibit was a display of Ontario's onions and carrots, neatly packaged in cellophane bags, crisp and fresh. Here again, there is a demand for these top quality products awaiting the enterprise of the Canadian producers and packers.

Ontario, by this display at the Food Fair, has done an excellent job of presenting its products to a public avid to buy them. But it noticed one thing about all others. Time and again, visitors, interested in these products, would ask the question:

"Where can we buy these canned goods in England—or in London?" Unfortunately, there was no one there who could give a specific answer to that question. What was needed more than anything else was a series of signs in large type, telling the public where they could buy these Ontario products in this country, giving a list of at least some of the stores which stock them. That was the missing link in the exhibit. It might also be the link which could turn consumer interest in this country into a mighty flow of Ontario food exports to the United Kingdom.

May Be Booming But Britain Sick At Heart

LONDON (CP)—Britain today may be booming and outwardly affluent, but in some circles it is fashionable to believe she is sick at heart and falling for lack of a national purpose.

In newspaper and radio programs, the amateur doctors to the nation have been sounding off for months on the question: "What is wrong with Britain?"

Few dig deep enough to diagnose the root cause of the malaise, as it is generally called, or even to discover if it is a real illness or only a psychosomatic ailment.

One who has attempted a thorough clinical examination is journalist Anthony Sampson. As Pundit of The Observer he writes a kind of intellectual gossip column on the doings of the "establishment"—that unseen power elite popularly supposed to rule Britain.

In a 640-page book, *Anatomy of Britain*, Sampson enlarges the scope of his weekly jottings into a full-scale survey of British institutions from the aristocracy through Whitehall, the law courts and the trade unions to the vast new corporations transforming British business life.

NOT CLOSE ENOUGH
He discovers that the 200 or so men who run Britain are not the tight-knit "establishment" often blamed for keeping the country in a mental straitjacket. The real trouble is they are not tight-knit enough.

"They are not so much at the centre of a solid stem as in a cluster of interlocking circles, each one largely preoccupied with its own professional and expertise and touching the others only at one edge."

In other words, the right hand of government and the entrenched hereditary interests that still mould many British institutions neither know nor particularly care what the left hand of science and industry is doing. The old circles can only touch, not assimilate, the new.

Things were different during the Second World War, says Sampson. Then there went into Whitehall, businessmen became politicians overnight and the whole gloomy surface of the ruling class was ruffled and stimulated by a healthy interchange of ideas under the stress of a common purpose.

But with the coming of peace, the old ivory-tower attitudes of cultivated amateurism bound round with collegiate ties reasserted themselves.

LACKING A STIMULUS
The old privileged values of aristocracy, public schools and Oxbridge which still dominate government today have failed to provide the stimulus, the purposive policies and the keen eye on the future which Britain is looking for and must have.

"The old ethos was moulded

by the success of an invincible imperial machine. Its style was to make big things small, exciting things boring... today this bland depreciation and the assumed superiority that goes with it merely succeeds in dulling curiosity and dulling experiment."

Sometimes it appears even the men of power are groping blindly for a clear-cut way to wield it. Sampson quotes the former chairman of a giant corporation: "I look upon myself as someone who is perpetually in a fog."

Decisions always seem to be taken somewhere else—"What looks from outside like a bold step turns out to be gradual shuffles by scores of vaguely grouped men."

NOW OWN STEAMSHIP
VANCOUVER (CP) — The World Ship Society — a local group of former master mariners, engineers and other nautical — inclined persons — now has its own steamship. It was surprised and pleased when a company accepted its modest offer for the 70-foot tug, Master. Built in 1922, the vessel will be registered as a yacht.

CLOSE LINKS
ST. STEPHEN, N.B. (CP) — International co-operation is an old story in this border town and Calais, Me., across the St. Croix River. In fire-fighting it extends to the family level. Ralph Sellars drives a truck for the St. Stephen fire department, and his brother, Fred, drives one for the Calais department. Both brigades respond to an alarm in either town.

DECORATIVE TREES
MONTREAL (CP) — The first batch of 138 Austrian black pines have been planted on the western plaza of the new Place Ville Marie, a commercial development in downtown Montreal. The trees have a life expectancy of 150 years.

TODAY IN HISTORY

By THE CANADIAN PRESS
Sept. 17, 1962 — Steamship Lines passenger vessel *Noronic* was destroyed by fire at her dock in Toronto 13 years ago today—in 1949—taking the lives of 119 persons. The fire broke out shortly after midnight when most of those aboard the Great Lakes cruise ship were asleep.

1702 — The first assembly for Upper Canada was opened at Newark on the Niagara Frontier, now Niagara-on-the-Lake.

1861 — UN Secretary-General Dag Hammarskjöld and 22 others were killed when their plane crashed in The Congo.

Bygone Days

10 YEARS AGO
September 1952
National Kids' Day, sponsored by the Kelowna Kiwanis Club, will be celebrated next Saturday here in Kelowna and other communities in Canada and the United States.

20 YEARS AGO

TO YOUR GOOD HEALTH

A Painful Tailbone

By JOSEPH G. MOLNER, M.D.

Dear Dr. Molner: Once the coccyx has been injured by a fall, is there any help or cure for it other than by surgery? —Mrs. J.B.

The coccyx is the tailbone. It's a projection from the bottom of the spine, which, theory has it, may be a vestige of many, many years ago, when the forerunners of mankind had tails.

If this projection is damaged by a fall, frankly there isn't much that can be done about it. Surgery may be advisable in extremely severe cases, but these are not anywhere near as common as is the type of injury that doesn't disable its victim but annoys him for what seems an endless period before it finally heals.

If we bruise or otherwise damage an elbow, we automatically favor it until it heals. We don't lean on it. We are careful not to bump it.

But the coccyx is located where it is subjected to pressure when we sit down. It's difficult to favor the spot.

My best suggestion is that anyone suffering from an injured coccyx experiment to find the chair and the position that permits the easiest sitting. An inflatable cushion sometimes helps considerably.

Patience is also an essential part of the cure.

Dear Dr. Molner: Will eating ordinary laundry starch harm a person? —Mrs. J.G.

I've heard of this dietary oddity quite a few times. There's nothing harmful in starch. It carries calories, but if you aren't overweight I know of no reason why it should hurt you. Personally, I don't care for the stuff except in my collars.

Dear Dr. Molner: I read your article about the woman who complained that her fingers cracked from detergent. I had the same trouble. My thumbs would no more heal than they'd crack on the other side. I changed brands of wash powder and also of liquid detergents.

So I returned to what I used for dishes before my hands began to crack. I haven't had a cracked thumb in a year now. —E.R.

Thank you, E.S. One person's pile is another person's poison. Some people can use soap and not detergents; some can use detergents and not soap. Some can use either, but may be sensitive to the paint on a broom handle, to the nickel plating on a kitchen appliance or to the chrome on a stove.

The important thing is to recognize that these are often cases of "contact dermatitis," or skin disease resulting from touching something. A product or material isn't bad because it happens to bother you. It's just that you happen to be sensitive to it. Experimenting will usually show that some other product or material will do what you want it to do without causing skin troubles.

Dear Dr. Molner: Is there any way one can determine if one's own breath is offensive? I often have an unpleasant taste in my mouth and am self-conscious about my breath. As you know, no one is ever told about this condition. Is there anything to be done besides gargling and keeping the teeth clean? —D.M.F.

Many people are overly concerned about bad breath when they do not have it; most who do have offensive breath aren't aware of it.

The best thing to do is to ask a relative or very close friend to tell you.

In cases of bad breath there is more to consider than gargling and brushing teeth. Some people with rather uneven teeth may have crannies in which bits of food become jammed and decay frantically. Gum disease can have a bad odor; so can bad tonsils, nasal infections, or ailments of throat or lungs. Bronchitis is one such. Obviously, neither gargles nor toothpastes can do much about some of these causes. They must be found and cured.

Women

WOMEN'S EDITOR: FLORA EVANS

KELOWNA DAILY COURIER, MON., SEPT. 17, 1962 PAGE 8

AROUND TOWN

Mrs. C. Bryant left today for Prince George to visit her daughter Miss Gail Bryant who who recently returned from a holiday in California during which she visited Miss Karen Schneider, a former school friend, in Palo Alto, and Mrs. E. Ogg and family in San Bruno, California.

Mr. W. (Bill) Trotter who has been the guest of his grandparents Mr. and Mrs. M. Musallam, Saucier Avenue, while employed by the B.C. Highway Department of the Highway Department on Friday to Vancouver where he will resume his studies at U.B.C.

Mr. Arnold Pointer, son of Mr. and Mrs. Gordon Pointer, has returned to U.B.C. to resume his studies. For the past several years Mr. Pointer has been on the engineering staff of the City of Kelowna.

Miss Vivian Haines travelled to Seattle over the weekend to attend the Sea Ranger's Regatta.

Mr. and Mrs. A. Hamilton of Edmonton, Alta. who have been guests at the Welcome Inn for the past two weeks while visiting Mr. and Mrs. George Musallam, Knox Mountain Road, have returned home.

Mrs. S. Morris and Mr. and Mrs. A. Farrar who have been guests at the Franklin Hotel while visiting friends in Kelowna during the past week returned to their home in Edmonton, Alta., on Sunday.

A warm welcome is extended to Mr. and Mrs. Wm. Lloyd and family who have taken up residence on Glenmore Drive in the home formerly occupied by Mr. and Mrs. A. Anton. The Lloyd family recently arrived from Winnipeg where Mr. Lloyd served with the Canadian Army.

WOLF CUBS
The Dr. Knox Wolf Cub Pack will begin their activities in the gymnasium of the Dr. Knox High School today at 6:30 p.m. Cubmaster F. J. Paine is very optimistic over the Pack's progress since its formation one year ago and feels that a busy year is ahead for the boys and their leaders.

BRIDAL SHOWER
Mrs. M. Dwyer and Mrs. Lois Beasley were co-hostesses at a shower held at Mrs. Dwyer's home on September 7th in honor of Miss Nedra Albright whose marriage to Mr. John R. Gates will take place in Toronto on October 6th.

Miss Albright who was presented with a beautiful corsage of yellow carnations on arrival was led to a special chair prettily decorated with white and yellow streamers, and several amusing games were enjoyed by the eighteen guests present after which the bride-elect was presented with many lovely gifts contained in a box amusingly decorated with pages from the Toronto Star on whose staff the groom is employed.

After Miss Wendy Dwyer, a close friend of the bride, had helped her open the gifts a selection of delicious refreshments were served to conclude a very enjoyable evening.

CONTRACT BRIDGE CLUB
The Kelowna Contract Bridge Club will open the 1962-63 season on Wednesday evening, September 19th at 7:30 p.m. at the Capri Motor Inn.

All contract bridge players wishing to play in the opening meeting are requested to phone Poplar 2-2287 before 8 p.m. Tuesday evening.

Admit Red China To UN Says Voice Of Women

MONTREAL (CP)—The conference of women for international co-operation Year opens its two days of public sessions at the University of Montreal today.

Sixty-five women from 17 countries, including Russia, have been taking part in closed sessions of the week-long conference sponsored by the Voice of Women of Canada and the United States at the Laurentian resort town of St. Donat, Que., since last Sunday.

Theme of the conference is "search and research for peace—new approaches."

The conference passed a number of resolutions Thursday night, among them a plea for the ending of nuclear tests by all nations. They unanimously declared that the "air, soil and water of this earth belong to us all and no nation has any right whatever to pollute them."

They resolved to set up a committee to act as a women's liaison on the proposed United Nations project for an International Co-operation Year.

They also resolved that any final disarmament agreement which did not include Communist China would be "unrealistic and ineffective" and asked that it be given its place in the UN.

The resolution will be sent to the Communist Chinese government.

Prime Minister's Wife Favours Pearls

LONDON (AP)—Prime Minister Macmillan's wife today brushed off a jewelry designer's criticism that she wears dreary strands of pearls instead of a variety of jewels.

"Pearls go with a lot of things," said Lady Dorothy Macmillan, a daughter of the 10th Duke of Devonshire. "Anyway, I haven't got much jewelry, you know."

Lady Dorothy opened the glittering Jewelry of the Year exhibition Wednesday night. She wore a double string of pearls.

Said Roger King, who designed the \$3,400 brooch that won the prize for the Jewel of the Year:

"The tendency of upper class women to wear dreary strands of pearls all the time is extremely depressing."

"I don't think people like Lady Dorothy buy enough jewelry."

Lady Kilroy, one of the judges of the Jewel of the Year contest, came to Lady Dorothy's defence.

"I happen to like pearls," she said. "Presumably, I was chosen as a judge because of my good taste. I don't care what Mr. King thinks."

The prize that Lady Kilroy and the other judges gave to King enriched him by \$800.

UNPA MEETING

The Canadian National Pensioners Association will hold a meeting at 2 p.m. on Tuesday September 18th in the First United Church Hall, Bernard Ave. A full turnout is requested and new Canadian National pensioners are cordially invited to attend.

PTA MEETING

With the new fall term commencing, meetings of the various school organizations are being resumed. The first meeting of the Glenmore P.T.A. will be held on the stage of the Activity Room at Glenmore School on Monday, Sept. 17 at 8 p.m. Parents will have an opportunity to meet the teachers and hear what is planned for the term ahead. Everyone is welcome, especially newcomers and parents of children starting school this term.

University Women's Club Of Kelowna To Hold Meeting

The University Women's Club of Kelowna will hold its first meeting this coming Tuesday evening, Sept. 18, at the home of Mrs. Brian Holmes of Okanagan Mission. The speaker will be Mrs. Robert Dillabough, and the subject of her address will be "Obesity in Children". Some 40 active members from universities across Canada, the United States and Britain meet the third Tuesday of each month. The meetings are varied and interesting. A guest speaker may be the feature at the meeting. Panel discussions, debates or skits with member participation provide a lively thought-provoking evening. The club does not participate in any fund-raising projects, but rather lends its support and encouragement to local and provincial cultural and educational pursuits. A career night is held each March for high school girls, during which guidance and the facts of careers for women are presented by the members.

The newly elected officers for the 1962-63 year are:

President, Mrs. W. J. O'Donnell; vice-president, Mrs. R. C. Dillabough; secretary, Mrs. R. C. Palmer; treasurer, Mrs. C. B. Holmes; program convener, Mrs. J. N. Woodworth; membership, Mrs. A. G. Barnes; publicity, Mrs. W. H. Cleaver. A cordial invitation is extended to any university graduate in Kelowna and vicinity to attend the monthly meetings. Further information may be obtained from the membership chairman Mrs. George Barnes at Po 2-4946 or any member of the executive. Transportation may also be arranged.

Watercolors By Sophie Atkinson Now On Display

For the remainder of September, an exhibition of watercolors by Miss Sophie Atkinson will be on display in the board room of the Regional Library.

Miss Atkinson is well known in Kelowna, having exhibited and visited here numerous times. Her paintings of the mountains and wild flowers of British Columbia reveal her talents and excellent training received in the British Isles. Her style, while traditional, appeals to all lovers of the painting.

The public is invited to meet Miss Atkinson, who will be present at the exhibition during the hours that the Library is open.

The exhibit is sponsored by the Kelowna Art Exhibit Society.

OPEN TO ALL

MONTREAL (CP)—Margaret McLaughlin, president of the Business and Professional Women's Club of Montreal, said in an interview the organization is "neither a status nor a service club," and should appeal especially to the young secretary or nurse coming to a big city for the first time.

ANN LANDERS

Don't Give A Darn Pills!

Dear Ann Landers: I am worried about my wife. She is 45 years old. About six months ago she began to lose interest in things which were once very important to her. She dropped out of the church auxiliary and resigned from her garden club. She began to find fault with her closest friends and refused to see them.

About two months ago she read an ad for tranquilizing pills which could be bought without a prescription. Since she started on those pills she's a different person.

Her disposition is pure sunshine. Nothing bothers her. And I DO mean nothing. She can let the dishes stack up from one day to the next. If the beds don't get made she says, "So what? We just have to unmake them to go to sleep." Sometimes there's dinner when I get home from work, and sometimes there isn't, depending on whether she wanted to cook.

She says she feels wonderful and has put on 10 pounds (which she needed). Frankly I don't know if this is good or bad. Can you tell me? — GUS

Dear Gus: Yes, I can tell you. It's bad. Your wife is too tranquil for her own good. No pill should be taken without first consulting a physician. Just because a pill can be bought without a prescription doesn't mean it's harmless.

These "don't give a darn" pills can be useful in getting a person through a period of anxiety, but they were never intended as permanent problem-solvers.

Your wife's age suggests she may be going through menopause. Her doctor can prescribe medication for her. When used to blot out reality pills can be damaging and even dangerous.

Dear Ann Landers: My sister and I moved to this city last year. We don't know many people here. She is going to be married around Christmas. She has her heart set on wearing a white satin gown and a veil. Her fiancé is in the army and will be out in November.

The problem is getting a best man to stand up for Jake. He has no close friends and she has asked my sister to make the selection. She doesn't know anybody either so she has asked me to help her out. The only person I can think of is our cousin who lives in town here, but he is going to play the wedding match at the party.

There is this certain fellow I see on the bus every morning. He is tall and handsome and would be ideal. I don't know his name but we always say "Good Morning" to each other.

I realize this would be unusual, but it might be a perfect way to get acquainted. Shall I ask him to stand up for Jake? — MAID OF HONOR

Dear Maid: Inviting a stranger

HIDE 'N' SLEEK

Allowing women the widest possible choice in coat silhouettes, the new fall fur fashion for 1962 is hide, and it's sleek. Here are three from the fall forecast by New York coat designers (from left): spots before the eyes get large with the natural jaguar coat done in a flattering A-line; bulky mouton lamb fashioned into a red-dyed shaggy jacket for student or suburban life and a white-dyed Indian broadtail embellished with a deep portrait collar and rounded cuffs of tipper-dyed Russian sable.

DEAN OF WOMEN

MONTREAL (CP)—Helen C. Reynolds, former dean of women at Dalhousie University, has taken up residence as the new warden of McGill's Royal Victoria College. Born in Truro, N.S., Dean Reynolds was the first dean of women at Dalhousie, of which she is a graduate. Second World War.

CONVEY THANKS

LONDON (CP)—Mrs. Betty McCulloch, wife of the rector of the church of St. Mary-le-Bow, has left on a goodwill tour of Canada and the U.S. She will convey thanks to those who donated towards the restoration of the famous London church, which she is a graduate. Second World War.

'How To Keep The WMS Alive' Amuses Members At Church Meet

A joint WMS meeting of the Kelowna and Winfield groups of the Free Methodist Churches was held on Monday night at the home of Mr. and Mrs. E. Swanson in Okanagan Centre. Twenty-eight members and friends were present. During the devotional period prayer was offered for the missionaries in foreign fields, some interesting items were on the program including a talk on Christian Stewardship by Mrs. Erma Stewart; also a talk on the missionary work being done in Hong Kong was given by Mrs. Doris Swanson.

The Kelowna group put on an interesting skit, "How To Keep The WMS Alive." Two musical numbers were enjoyed, a solo by Mrs. McCurdy of Kelowna and a duet by Mr. and Mrs. P. Thiessen of Winfield.

A short report of the annual conference WMS meeting which was held in Seattle was given by the president. After the meeting a social hour was enjoyed during which refreshments were served.

Earn Berth On Games Cycle Team

ORONO, Ont. (CP) — Two Vancouver cyclists, who paid most of their own expenses to compete in the British Empire Games trials here Sunday, may have won themselves a trip to Perth, Australia.

Jack Ferguson and Bill Wilde finished one-two in the first half of the trials, only 33 seconds apart over the 100-mile course. Next Sunday, the second half of the trials, will be held at Theford Mines, Que., and four of the 20 cyclists will be chosen to represent Canada.

Ferguson, the western Canadian champion, raced his bicycle over the course in five hours, 17 minutes and 30 seconds.

Wilde, who has been racing for only two years, finished in 5:17:32.

Third was Toronto's Roy Williamson, 5:19:11, the only man in the trials with international racing experience. Williamson was on Canada's team in the Tour De L'Avenir this year in France.

The four-man team will be chosen on the strength of the racers' showing in the two races.

Best In West On Same Team

BRAMPTON, Ont. (CP) — When folks discuss the best lacrosse players in Canada they usually point it down to two men — Jack Blonda of New Westminster and Bobby Allan of Nanaimo.

In this year's Mann Cup final, Blonda and Allan are on the same team.

The West's representative, New Westminster, arrived here Sunday with the news that Allan has been picked up as one of three replacements.

But Gwyn Evans, manager of the east's Brampton Ramblers, said "we'll win it in six games. We have the man to beat Blonda."

Burly Bruce Wanless will be assigned to Blonda, former National Hockey League defenseman, because of the job he did on him in the 1960 series.

Blonda was with Nanaimo then and Wanless was picked up from Brampton by Port Credit Salts. The Salts, due largely to Wanless' handling of Blonda, won the cup.

Canucks Lose Out In Softball Final

STRAITFORD, Conn. (AP) — Detroit shut out Hull, Que., 2-0 Saturday behind the no-hit pitching of Ed Johnson in first-round play in the men's world softball championships.

Earlier, a second Canadian entry, Calgary Ralphs, managed only one hit while absorbing a 13-0 beating by a Portland, Ore., team.

Detroit's Johnson had the Hull batters handcuffed as he struck out 18 while walking only one. Johnson retired the last 15 men to face him, 14 of them on strikeouts.

LEARNING THE HARD WAY

Portuguese apprentice matador Armando Soares reaches the height of risk in his chosen profession as he is thrown during afternoon of bullfighting in Madrid last week. Soares, his trousers ripped, evades another attack by the bull, bottom photo. He survived with bruises and experience. (AP Wirephoto).

AMERICA'S CUP

Beaten In First Race - Aussies Not Out Yet

NEWPORT, R.I. (CP) — The Australians are saying that "it's not over yet."

They're anything but downhearted, even though their white-hulled sloop Gretel took almost a four-minute beating from Weatherly Saturday in the first of the best-of-seven racing series for the America's Cup.

Gretel demonstrated a little superiority over Weatherly in running before the wind, although it was left behind on the windward legs — sailing as nearly as possible into the wind — during the 24-mile race.

The second race Tuesday is over a triangular course of three eight-mile legs, unlike Saturday's windward-leeward course. It will see the two boats racing for the first time on a reach—with the wind hitting the

sloops from the side.

Should Gretel prove better than Weatherly in reaching, this combined with possible superiority downwind — conceivably may be enough to overcome her disadvantage to windward.

Experts here concede this is not much of a hope. But it's enough for them not to write off Gretel's chances completely.

U.S. EXTENDS WIN STREAK While many observers were

talking of a four-straight sweep for the American defenders, Philip Rhodes of New York Weatherly's designer, said "Gretel proved she's a much better boat than Sceptre. I think she is capable of winning a race."

"It is inconceivable to me that we could lose this series," Rhodes added.

Britain's Sceptre was beaten four in a row by Columbia in 1958.

Packers' Golden Boy Off To Flying Start

NEW YORK (AP) — Paul Hornung is as ready as he'll ever be to help Green Bay Packers defend their National Football League title this year, and that's a murder for six other Western Conference hopefuls.

Hornung, the NFL's most valuable player and scoring king in 1961 as the Packers won their second straight Western title and the United States championship, was in mid-season form Sunday as the Packers opened the season with a 34-7 victory over Minnesota Vikings. Hornung scored three touchdowns, kicked two field goals and adding four conver-

sions for 28 points.

A sellout crowd of 38,669 watched Hornung's one-man show, part of a record 341,913 that turned out for the seven opening-day games.

The day's biggest crowd was at Cleveland where 81,115 saw the rejuvenated Browns defeat the Eastern Conference champion New York Giants 17-7.

UNITAS UPENDS LA In other games, St. Louis had halfback John David Crow leading the way as it upset Philadelphia 27-21; Detroit overwhelmed Pittsburgh 45-7; Baltimore came from behind on quarterback Johnny Unitas' passing to upset Los Angeles 30-27; Chicago Bears upset San Francisco 40ers 30-14, and Washington and Dallas Cowboys played a 35-35 tie.

In the American Football League, Boston upset Houston 34-21 and San Diego rolled over New York 40-14 in the only Sunday games scheduled.

Denver Broncos defeated Buffalo Bills 24-10 in an AFL battle Saturday.

Fran Tarkenton tossed a 17-yard pass to Jerry Rice in the closing seconds Sunday for the Viking score.

BREAKS 7-7 TIE At Cleveland, quarterback Jim Brown hit Rich Kretling with a 17-yard touchdown pass in the third quarter to break a 7-7 tie and Lou Groza's 20-yard field goal added the insurance.

Tom Wilson combined with last year's rushing leader Jimmy Brown for 210 yards, and the alert Brown defense turned three interceptions into scoring strikes and recovered a Giant fumble in their own end zone to avert another score.

Alex Webster's one-foot plunge got New York's touchdown.

Crow scored three touchdowns for the Cardinals, one on a two-yard pass from former Montreal quarterback Sam Etcheberry, who also hit Sonny Randle on a 68-yard scoring aerial. Crow's 29-yard touchdown run in the third period put the Cardinals ahead to stay.

Amber Morn Wins \$11,975 At Woodbine

TORONTO (CP) — Jack Stafford's Amber Morn won the \$11,975 Greenwood Stakes Saturday at Woodbine race track before 17,084 fans, catching Bill Bensonsky's Shotgun by a nose in a strenuous stretch duel.

The two Toronto horses were well in front of two favorites in the 1-16-mile race for three-year-olds and up, Dick Henderson's Blue Croon and Wise Command, owned by Les Lear of Calgary. Blue Croon was fifth and Wise Command finished a non-contending seventh.

In the fourth, a \$2,500 event for Canadian-bred two-year-olds, Morn's Morning, a Vancouver horse, was fifth in a field of seven. The mile-long race was copied by E. P. Taylor's Canebora.

VIENNA (AP) — Communist Czechoslovakia's drinkers consumed \$204,000,000 worth of alcoholic beverages last year, says a health industry report published by the Czech youth organization newspaper, Mlada Fronta.

NEWCOMERS HELP

Coach Nobby Smile's Again — New Argos Clip Riders

TORONTO (CP) — Long-suffering Nobby Wirkowski broke into a smile Sunday. It seemed as big as a football field.

Wirkowski (finally) coached Toronto Argonauts to victory in the Eastern Football Conference — a 18-10 win over Ottawa Rough Riders before 24,721 fans.

Nobby had reason to smile. He had watched Argonauts drop three straight games as assistant coach, then two more when he took over as head coach with the firing of Lou Agass.

Three hungry newcomers and the bullseye short passes of quarterback Tobin Rote gave Argos the spirit they had lacked all season. Rote, although still hampered by a swollen finger on his throwing hand, completed 20 of 29 passes for 177 yards and two touchdowns.

Gerry Wilson, Zeke Smith and Lebrun Shields, all late cuts from National and American Football League teams who joined the Argonauts last week, were standouts.

Leafs, Hawks Show Strength

Chicago Black Hawks and Toronto Maple Leafs demonstrated during the weekend that there's still a wide margin between the National League and hockey's better minor circuits.

The Hawks defeated the Leafs, Stanley Cup champions 3-2 in St. Catharines Saturday night before a sellout crowd of 4,173.

In Kitchener Sunday the same Leafs walked Springfield Indians, American League champs, 9-1.

The Leafs played both games minus the services of Frank Mahovlich, who left the team's Peterborough training camp last week after an impasse in contract negotiations.

Rightwinger Johnny McKenzie scored the winning goal in the last minute of play for Chicago.

Both games were sedate by NHL standards, although referee Frank Udvari called major penalties following a brief high-sticking duel between Chicago's Pierre Pilote and Leafs' Kent Douglas.

The only other exhibition involving an NHL club was played Sunday at Detroit where the Red Wings tied 0-0 with a combined team from their top two farm clubs. On the same Saturday the two farm clubs, met, Edmonton Flyers of the Western League edging Pittsburgh Hornets of the AHL, 4-3.

The Argonauts' revival gave them hopes of making a playoff spot in the East. They have eight games left in the regular schedule, one more than the

third-place Montreal Alouettes, and are three points behind the A's. The Alouettes returned home during the weekend after dropping two battles on a Western Canada tour.

TOBIN ROTE ... hot again

The new-look Argos defense was such that quarterback Ron Lancaster and Russ Jackson of Ottawa completed only four of 19 passes for 34 yards.

The Argonaut defensive team helped cover up for gambles which went awry for the offensive team. Argos gambled four times on third-down situations and three times they lost. Twice they gave away the ball on laterals to the wrong team and Rote had a pass intercepted.

Ottawa capitalized on one error when Ron Stewart scored a touchdown after the Riders intercepted a Joe Hernandez lateral on the Argonaut three-yard line.

First-half touchdowns by Menon Schriever and Dick Shatto and a last-quarter safety touch pulled out the win for Argos. Bill Mitchell converted both touchdowns.

Willie's 44th Homer Not Enough Giants Still Four Off The Pace

Willie Mays did his best and Chicago Cubs slowed down Los Angeles Dodgers' pennant express, but San Francisco Giants still couldn't win.

There are two weeks to go in the National League race and the Giants' situation is desperate. They trail the Dodgers by four games with only 12 to play Sunday, 6-4 to Pittsburgh Pirates in 10 innings.

Smoky Burgess' two-run

homer in the 10th inning did the Giants in after Mays, returning to the lineup for the first time since he collapsed on the bench Wednesday, tied the score 4-4 with a three-run homer in the eighth. It was Willie's 44th round-tripper of the year.

The Dodgers' seven-game winning streak was broken by the Cubs as Bob Buhl allowed only four hits in a 5-0 victory. It was the first time Buhl had finished a game against the Dodgers in his last 17 starts although he has a career record as a Dodger killer.

Nelson Mathews, 21, a rookie who moved up from the minors last week, hit a grand-slam homer, his first major league home run, off Stan Williams in the fifth inning.

Conley pitched and batted the Red Sox to a 4-3 triumph over the Yankees, lopping a full game off the Yankees' comfortable league lead.

The second-place Minnesota Twins closed to within three games on the strength of a 4-3 win over Cleveland Indians, with ace right-hander Camilo Pascual the key figure. Pascual picked up his 15th triumph of the season and drove in the winning run with his third hit of the game. The Yankees and Twins each have 10 games left to play.

KNOCK ANGEL HOPES The third-place Los Angeles Angels were all but eliminated from the race by Detroit Tigers. The Tigers came up with a 4-3 triumph, dropping the Angels 3 1/2 games back of Minnesota and 6 1/2 behind the Yankees.

Sports

KELOWNA DAILY COURIER, MON., SEPT. 17, 1962 PAGE 7

Vernon Golfer Winner In OML Golf Tourney

Mrs. Doreen Wallington of Vernon won the Yale Cup Sunday, emblematic of the Okanagan Mainline Ladies' Golf Championship, two up at the Kelowna Golf and Country Club.

The runner up was Mrs. E. (Mickey) Green of Kelowna. The following is a complete list of results:

Late Goals Earn Tie For Penticton

PENTICTON (CP) — Penticton counted two goals late in the game to salvage a 3-3 Okanagan Valley Soccer League contest with Kelowna here Sunday.

Counting for Kelowna were Don Hutton and Johnny Basto, with the third coming as a gift from a Penticton defender who scored on his own goal in an attempt to clear. Penticton goals came from Les Roberts, Jock McLaren and Helmut Geddig.

US Plans To Invest More In Europe Than Canada

WASHINGTON (CP) — For the third year in a row, United States businessmen plan to invest more in Europe than in Canada, a U.S. commerce department survey shows.

Based on a sampling of major companies, the department estimated direct U.S. investment in European industries will total \$1,660,000,000 next year, compared with \$1,097,000,000 in Canadian enterprises.

Europe has been outpacing American industrial investment since 1960 when U.S. businessmen considered Canada tops in prospects by investing \$1,258,000,000, compared with \$1,082,000,000 for all Europe.

An official suggested that the spectacular growth of the Common Market combined with uncertainty over Canadian policies and prospects led to the investment switch.

But he emphasized that the current figures are forecasts only and may be changed by companies involved if they sense new trends developing.

The total forecast U.S. investment in Canadian plant and equipment for 1963 will mark a slight decline from the \$1,102,000,000 estimated for 1962, although it will be up slightly from the \$1,041,000,000 in 1961.

Estimated investment in Canadian manufacturing industries, placed at \$390,000,000 for 1963, would be virtually unchanged from the \$391,000,000 estimated for this year. Spending in mining and smelting would drop to \$175,000,000 from \$200,000,000 but investment in oil industries would rise to \$360,000,000 from \$345,000,000.

While Europe appears to lead as an attraction for U.S. foreign capital, the pace of American investment in Europe is expected to slacken. Though the forecast \$1,660,000,000 in 1963 would be higher than the \$1,483,000,000 in 1961, it would mark a decline from the \$1,810,000,000 in 1962.

This appears to be following a general decline in direct American investment abroad. The department estimated total 1963 U.S. spending on foreign plant and equipment would drop to \$4,544,000,000 from \$4,762,000,000 this year, though it would still be higher than the \$4,176,000,000 of 1961.

PICTURE CAN CHANGE

But he emphasized that the current figures are forecasts only and may be changed by companies involved if they sense new trends developing.

The total forecast U.S. investment in Canadian plant and equipment for 1963 will mark a slight decline from the \$1,102,000,000 estimated for 1962, although it will be up slightly from the \$1,041,000,000 in 1961.

Estimated investment in Canadian manufacturing industries, placed at \$390,000,000 for 1963, would be virtually unchanged from the \$391,000,000 estimated for this year. Spending in mining and smelting would drop to \$175,000,000 from \$200,000,000 but investment in oil industries would rise to \$360,000,000 from \$345,000,000.

While Europe appears to lead as an attraction for U.S. foreign capital, the pace of American investment in Europe is expected to slacken. Though the forecast \$1,660,000,000 in 1963 would be higher than the \$1,483,000,000 in 1961, it would mark a decline from the \$1,810,000,000 in 1962.

YOUNG DRIVERS

MORDEN, Man. (CP)—Mantoba's first school-sponsored driver instruction course for teen-agers starts here this month. Handling the course is a teacher who was sent to Moose Jaw for a summer course in training methods.

FREE FLUORIDE

SASKATOON (CP)—The Saskatchewan health department is providing free fluoride tablets to an estimated 19,000 infants of pre-school age and 5,000 expectant mothers. The tablets are supplied to non-fluoridated areas and are distributed by regional medical health officers.

NO WINDOWS

EDMONTON (CP)—The Alberta education department has approved a windowless school. The window-area requirement in its grants was waived when the Jasper Place public school board, saying the plan would reduce construction costs, proposed to build a school without windows.

The bidding:
West North East South
1♣ 1♦ Pass 4♣
Dble Pass 5♣ Pass
Pass 5♣ Pass Pass
Dble

Opening lead—king of hearts.

Freak hands are not especially instructive, but they usually are interesting.

For example, look at this hand played in the Life Masters Individual in 1957.

The bidding shown occurred at the table with the Edgar Kaplan, who won the event, was South.

West opened one club, with plenty to spare, and North overcalled with a diamond. East, probably should have bid at this point, but decided it was tactically better to pass and assume a wait-and-see attitude.

Kaplan went right to four

spades, which West enthusiastically doubled. East came out of his shell long enough to say five clubs, which rolled around to North who went to five spades.

East and South passed, and West, who didn't quite realize he was fighting two void suits, doubled again. East let the double stand this time and West let the king of hearts. Declarer ruffed in dummy and had no trouble making the contract with an overtrick. This came to a tidy 1,050 points.

You might think that Kaplan achieved a good result by making five spades doubled with an overtrick, but, actually, he got a poor score on the deal compared to what was happening at other tables.

At most of them, East-West bid up to six clubs or hearts, and, in practically every case, either North or South "sacrificed" with six spades.

West naturally doubled and South just as naturally came home with twelve tricks against the normal lead of a heart or a club. This came to a total of 1,680 points. No West was sufficiently inspired to lead the ace and another diamond, which would have defeated the contract.

It's hard to blame the North-South pairs who didn't reach six for having failed to bid the slam, or the West players for having doubled six spades when it was reached. There's no rule to govern freak hands when they arise. They are virtually a law unto themselves.

YOUR HOROSCOPE

FOR TOMORROW

PERSONAL relationships will be governed by generous influences tomorrow, so you can expect all the co-operation you need from business associates, as well as happy domestic and social situations. Just one word of admonition: Don't scatter your energies.

FOR THE BIRTHDAY

If tomorrow is your birthday, your horoscope indicates some fine prospects for you and your interests. During the next 12 months occupational matters will be under especially good influences, and you should profit handsomely through any work which calls for vigor and endurance. Recognition for efforts along these lines is indicated during December and/or early in 1963.

Except for the month of October and November, finances will be under generally good aspects, so that you may find many of the pressures of the past lifting by this year's end.

Personal relationships will be governed by generous vibrations for most of the year ahead, except for brief periods in October and March, and you should find December and mid-1963 excellent for romance.

Avoid strain and nervous tension in October and February, and look for a good business break in late December or early January.

A child born on this day will be unusually active and energetic, will have many interests and enthusiasms.

EVER HAPPEN TO YOU?

LILLIPOPS TO COMBAT RADIOACTIVITY

Dr. Michael Ash, 44-year-old British medical specialist, supplies his family with Strontium-87 lollipops which he says can combat radio-

active fallout. Immunization he says is accomplished with the sugar sweetened and flavoured strontium lollipops made of seaweed and strontium

rock found near Chipping Sodbury where Britain's leukemia rate is lowest. With the doctor on the beach at Bexhill, England, are left:

David, 14, who helps make the lollipops; Jennifer, 16; Mrs. Ash with Richard, 1; Timothy, 15; Simon, 12; Stephen, 1; Mary, 9, and Peter, 7.

Ont. 'White Collar' Crime Same As 30 Years Ago

TORONTO (CP) — Attorney-General Kelso Roberts said Friday night that "white collar" crime in Ontario today bears a remarkable resemblance to the crooked financial empires that flourished 30 years ago.

He said the volume of this type of "business" has become so great in recent years he has recommended his department hire and train more staff to cope with the increase.

Mr. Roberts was addressing the annual provincial securities administrators' conference.

He credited the increase in "financial jugglery" to the burgeoning economy of the 1960s. The public generally still goes on "blind buying sprees," ignoring the elementary tests for investing money in a company.

"Some of the things which have been reviewed in recent years by securities commissions and the courts are not un-

like actions perhaps on a grander scale 30 years ago," he said.

Mr. Roberts listed some "white collar" crimes prevalent today:

1. Improper expenditure of corporate funds after new interests have gained control; 2. Controlling executives switching securities, including bank accounts, to the serious detriment of many of the shareholders.

Every Community Should Have Own Airstrip—Piper

HARRISON HOT SPRINGS (CP)—W. T. Piper, president of Piper Aircraft Corp., said Friday every community in B.C., no matter how small, should have its own airstrip.

He said at the annual meeting of the B.C. Aviation Council having as many airstrips as possible would mean more stop-off points for light aircraft and greater safety.

Rudy Jens of 100 Mile House, a fixed-wing and helicopter pilot, was named president of the 250-member council.

Carl Agar of Okanagan Helicopters, a pioneer airman, received the Robert S. Day trophy for his outstanding contribution to civil aviation in B.C.

REPORTED HELD

John Barnes, a British reporter who works for the American magazine Newsweek, was among four western correspondents in Havana reported held by Cuban security authorities. A British foreign office spokesman said he did not know what charge—if any—had been placed against Barnes.

Victoria Rich With Rare Money

VICTORIA (CP)—A pair of United States coin collectors found Victoria a rich source of rare coins.

Douglas McDonald and Gene Henry, University of Washington students, placed an ad in a city newspaper and then sat back to await prospective customers.

"The response was tremendous," said Mr. McDonald. "We were so busy we hardly had time to answer the door for the next customer."

"We bought some U.S. and Canadian gold, early English silver and copper—possibly 300 or 400 years old—and a rare gold stater of Alexander the Great, dated 323 B.C."

Chinese Dead Await Return To Homes

HONG KONG (AP) — More than 7,000 Chinese—all dead—are waiting to return to China.

Their bodies are stacked ceiling high in a "hostel for the dead" run by a charity hospital overlooking the South China Sea. Some have been waiting 13 years, since the Communist conquest of China.

Most of the dead had expressed a last wish to be buried in their homeland. Peking raises no official objection to return of the dead, but families report the Communists have a way of ignoring such applications.

New Dimension In US Gambling

LAKE TAHOE, Nev. (AP)—William F. Harrah has added a new dimension to legal gambling in the United States.

Other casino operators have followed his lead, but so far none has matched the remarkable efficiency with which Harrah has placed "Nevada fun," as the ads describe it, within constant reach of the wage-earner.

Harrah's has plenty of room for the careless rich, to be sure. But during the off hours—from dawn to dark, after the carriage trade has departed—the little guys virtually have the run of the place, and their little bets have helped build the casino into a \$40,000,000-a-year enterprise.

Harrah's success in fetching the customers is the envy of casino operators throughout Nevada.

Harrah offers bus service at extremely low cost to thousands of citizens in neighboring California where there is no legal gambling.

And he has created a gambling casino which appears for all the world like a discreet and decorous amusement centre with fun and games for the whole family.

Harrah has placed this glittering lure in a geographical setting, renowned for its wholesome air and glorious beauty.

Harrah hired research experts to sharpen his knowledge of the nature of the gambler. He determined that to expand his clientele to include the virtually untapped middle and lower income groups he would have to locate somewhere other than Reno or Las Vegas, towns

too many people associate with it, if well heeled, and also seasonal. And the gambling business, after all, is a 24-hour-a-day operation, seven days a week, 12 months a year.

To fill the blank spaces, Harrah's operates a fleet of charter buses from 31 cities up to nearly 200 miles away. The fare is nominal, and Harrah's makes it even more so by giving a generous refund. Both the amount of the refund and the frequency of the service vary.

For example, when winter weather chases away the vacationers Harrah's summons five buses a day from San Francisco and gives a \$6 refund on the \$7.81 round trip. During summer, the refund drops to \$3 and there are only two buses a day.

Total expenditure on health research in Canada is estimated at \$7,000,000 to \$8,000,000 annually.

Have Gun?
Have Fun!

While Crown Zellerbach's responsibilities are primarily devoted to the forest areas we work in and the communities we live in, we have a strong appreciation for the outdoor recreation opportunities in the CZ logging divisions. Thousands of people—hunters, fishermen, campers, skiers—enter these areas every year and all we ask of them is care and consideration for themselves, for others, and for the forest land. For instance, before you go hunting this fall, have a gunsmith check your firearm: for proper headspace in the shell chamber, for good-working safety action, for not-too-fine trigger pull, for signs of wear in the barrel. And check in with the CZ representative as you enter on Crown Zellerbach maintained roads. Little precautions like these can go a long way to add to outdoor fun and relaxation. Not only for yourself, but for other people too.
